(1)

Letter no 898 dated the  
March 1895, from the Dy:  
Commissioner, Mysore Dist.  
Order thereon.

With the above, the Dy:  
Commissioner submits a state-  
ment showing the particu-  
lars on which the  
crops failed in 1894-95,  
in consequence of the breach  
of the Kalhalli channel  
in the Krishna  
Rajapett Taluk.

on lands below the 12<sup>th</sup>  
Mile of the Kalhalli  
Canal in the Krishna  
Rajapett Taluk

owing to the Kalhalli  
Canal having  
breached -

The total area of  
the lands irrigated by  
the above channel is  
stated to be 774 acres  
and 18 guntas, of which  
62 acres & 4 guntas appear to have  
yielded a scanty crop while the  
rest shows that the  
crops on the remaining  
712 acres & 14 guntas

 18.395.

1895

9-7-95. H. M.  
 10/7/95

Half remission on land  
 below the 12<sup>th</sup> mile of the  
 Kallihalli Amul. Krishna-  
 rappa Mulu is recom-  
 mended by the Dy Commr  
 on the ground that the  
 crops for 94-95 were  
 failed owing to the breach  
 of the Amul in 1894, July.  
 The lands are reported  
 to have been inspected 3  
 times by the Amul officer  
 alone.

The Jannabandi Office  
 does not appear to have  
 inspected the lands.  
 Revenue extract as  
 to whether the lands were  
 actually watered has not  
 been sent up.

The point for order is  
 whether the remission  
 should under the  
 Act be granted.

Dy Commissioner

Mysore District

To

The Chief Secretary to the

Deewan of Mysore

Bangalore

Sir

The Amildar, of Krishnaraipete Taluk, submitted for my orders, a Dakarav Dakka, at the time of the Taluk Jamabandi, and an English translation of it, is herewith submitted. It will be observed therefrom, that the Halla - halli aicut, breached on 23<sup>rd</sup> July 1894, that the B.D.W. put up a temporary dam, or Komhanay over the breach, on 29<sup>th</sup> September, 1894, that it was washed away, and a fresh dam was temporarily constructed again on 21<sup>st</sup> November 1894, and that the supply of water in the Channel was smaller, and interrupted, and that Wet lands under the Channel suffered owing to this accident.

The Amildar, carefully inspected the

Detailed Statement showing the particulars of lands on which wet crops failed in the years 1894-95 consequent on the breach of the Thalhalla sluiceway in the Thinslunarypet Taluk.

[illegible]

lands on the different occasions, as detailed in the statement, and has reported that the crops on lands beyond the 12<sup>th</sup> mile, entirely failed, while the lands higher up the channel yielded more or less poor harvests. The owners of lands below the 12<sup>th</sup> mile, have suffered a heavy loss, and I beg to recommend that you will be so good, as to obtain the sanction of Government to remit half the water-rates for these lands amounting to Rupees 4,24-12-0

I have the honor to be

Sir

Your most obedient servant

John M. J. J.

For Dy Commissioner

Muzaffargarh District

ated lands of  
 the Sakra-  
 patana village,  
 Madur Taluk.  
 be converted  
 to dry as they  
 are not at all  
 irrigable—  
 from the —  
 Mallappaana

They  
 were  
 and  
 no  
 no  
 on

channel on  
 which they depended for their water sup-  
 ply—

2 The holders of these lands having  
 laid their complaints, enquiry was  
 made as to the truth or otherwise of

their complaints. These lands were assessed with wet rates as they <sup>were</sup> prior to the survey settlement, getting their water supply from the said Matlakpina Channel which has been since abandoned by the Public Works Department, and another one cut in its place.

3. The Amildar inspected the lands in company with the Public Works Department Overseer and found that these lands were situated on a level of 3 to 4 feet higher than the present Buscon Kalve and consequently cannot be irrigated, either by the said channel or by another channel named Malakim Kalve, and the only way to irrigate them would be to lift water from the channel, a very costly operation, as the extent of land to be so cultivated covers an area of 34 acres and 27 guntas.

4. Mr Knight, as General Assistant Commissioner, also inspected the lands and reported that they were entirely deprived of water.

5. The Revenue Survey Superintendent, whom I consulted in the matter is

of opinion that dry rates, or such proportion of the wet rates as I think fit, may be decided is long as the lands get no water from the Channel.

6. The complaints of the holders of the lands in question are long standing and are being made every year at fannabandi, and as I do not consider that it is fair to charge these lands that cannot be irrigated with wet rates, I now beg to recommend the proposed conversion from wet to dry rates, at Rs. 11-6 per acre:-

7. The original vernacular Proceedings ending with Kadar Amildar's of 3106 dated 16<sup>th</sup> May 1895 together with Copies of

to be returned when  
done.

Sir.

In forwarding herewith  
Letter No. 20 dated 7<sup>th</sup> August  
1895 with its Enclos: (in original)  
from the Dy. Commissioner  
of the Kacur District, re-  
commending the conversion  
into dry of the wet rate of  
assessment charged  
on certain lands in the  
Sakraputra Village of the  
Kacur Taluk on the ground  
that the lands are not  
irrigable from the Sakraputra  
Channel on which they  
depended for their water  
supply & are directed.

to request that you would be  
so good as to state whether  
the source of irrigation referred  
to has been cut off from  
these lands and whether  
there is no prospect of  
restoring it.

I am <sup>also</sup> to request ~~that~~ <sup>it has not of been formed whether</sup>  
~~and that the value was cut in place of the one~~  
~~yourself could say~~ <sup>alone referred to</sup>  
~~the circumstances under~~ <sup>of so why.</sup>  
~~which this alteration, in~~ <sup>added subject to will</sup>  
~~was affected.~~  
~~was affected to the prejudice~~  
of the Ryots, <sup>caused.</sup> ~~was affected.~~

Survey Superintendents Office  
Bangalore 23<sup>rd</sup> October  
1895

To,

The Revenue Secretary to the  
Government of Mysore

Sir,

I have the honor in reply  
to your letter <sup>(29)</sup> No. 2994 dated  
5<sup>th</sup> September 1895, to state  
that the Survey Numbers  
therein mentioned are entered  
in the Chassers' Books as  
dependant for their water  
supply

to be remitted, is <sup>A. G.</sup> 212-14.

The records show that the channel ancient breached on <sup>the</sup> 23<sup>d</sup> July 1894, that the P. W. D. constructed a temporary ring bund twice, which was <sup>however</sup> washed away, that the Amil. Dar inspected the lands more than once & found no water in the channel beyond the 12<sup>th</sup> mile, and that the wet crops raised on the 212<sup>th</sup> 1/4 above referred to - com-  
pletely <sup>failed</sup> withered during the year 1894-95.

2. Under the foregoing circumstances, Govt. are pleased to sanction, as recommended by the Dy Commr., the remission of half the water <sup>rate</sup> on the aforesaid lands. amounting to Rs. 424/2/.

3. The Dy Commr's atten on

To The Chief Engineer  
of Mysore

Encl 28/10

Dated Chikmagalur 21/10/23

Despatched 13 — — — —

Received

General No. 191  
No.

1 file  
Encl 28/10

Chief Engineer of 12/5/23  
of 19<sup>th</sup> September 1905 —  
forwarding for report —  
Revenue Secretary's No. 2493  
of 5<sup>th</sup> idem enquiring —  
whether the source of —  
irrigation to certain lands  
in the Chikmagalur Taluk was  
cut off, and whether there is  
no prospect of restoring the  
same, and subsequent  
reminders.

Adverting to the above,  
has the honor to forward  
herewith

herewith a sketch showing the Channel below  
Ayyankere Sank, and to state that the lands  
in question are, commanded by the Mallappian  
Kalue.

2. The old distribution channels were <sup>5</sup> in number.

- 1 Mallappian Kalue
- 2 Basavan Kalue
3. Mallakhan Kalue
4. Viru Kalue
5. Kadak Kalue

Of these Nos 2, 3, 4 and 5 were restored by the D.P.W. No 1  
however was not restored.

3. Mallappian Kalue fell into disuse more than 60 years  
ago. The extent of land below the Channel is 84 acres and 24  
Guntas bearing an assessment of 100 Rupees. Of these only 19  
acres and 3 Guntas are under cultivation, yielding  
a revenue of 54-8-0. The restoration of the Channel would

Cost about 5,000 Rupees, and was therefore not undertaken.  
4. At the time of the Evamce settlement, the lands in question  
were assessed as if probably because they were commanded  
by the Channel, although it was not then in a state.

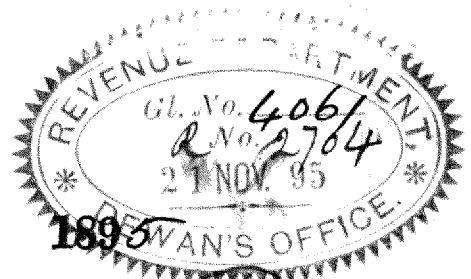

5. The D.P.W. did not abandon it in favor of any other  
Channel. The fact is that it was not restored along with  
others, nor is its restoration considered profitable at  
present. In this sense, perhaps, it was abandoned by the  
D.P.W.

6. There are 112 acres of "Banjar" wet lands to be taken  
up below Ayyankere with sufficient means of  
irrigation. Those that have been paying wet assess-  
ment for lands below Mallappian Kalue may be  
given facilities to take up these 112 acres of Banjar  
lands, and as suggested by the Deputy Commissioner  
the wet lands below Mallappian Kalue may be  
conveyed

the 4th came  
first other  
were that  
papers -  
with the files  
were kept  
properly
